### Wolfe as Special.

Patrolman Geo. W. Walker, one of the newly elected policemen, whose service was to begin Monday, declined to serve on the night force, to which he was assigned and left a vacancy to which was temporarily filled by the Mayor, who appointed former officer Jos. R. Wolfe as a special policeman. Officer Wolfe was one of the night force who retired from office with the old year.

### Saulley Case.

It is thought Secretary Meyer, on his return to Washington to-day will settle the case of the Kentucky naval officer, Richard C. Saulley, on trial by court-martial at the Norfolk navy yard, for refusing to take a torpedo boat through Hampton Roads at night held by him to be unseaworthy.

## All Goods Bearing The Diamond Edge Brand are Guaranteed

### DIAMOND EDGE AXES

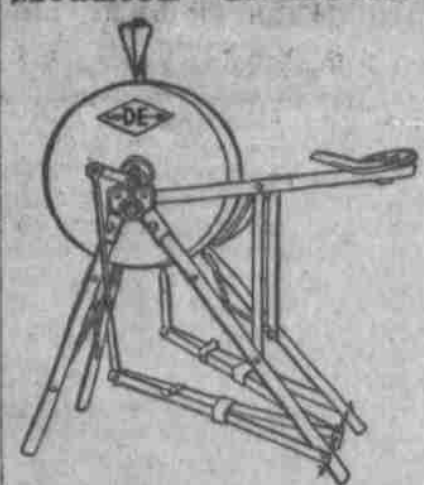

The class and style of **DIAMOND EDGE** Axes show in their finish and appearance. The edge is sharp, very sharp, and is tempered so truly that not one out of a thousand ever breaks or makes trouble.

The **DIAMOND EDGE** Axe has not only the "metal" quality, but the well thought out shape that "sinks" easily and "chips" thoroughly.

They cost no more than others, but are worth much more if the above qualities are considered.

### DIAMOND EDGE Mounted Grindstone

A grindstone is valuable according to its usability. A one man grindstone is almost necessary. This grindstone is mounted accurately with ball axle bearings and ball crank bearings. The double treadle enables you to run this stone easily and do any kind of grinding.

There are no pins nor loose parts and all castings are malleable iron. Try this the first time you come in the store.

Good tools remove any possible suspicion that you do not know your job.

The **Diamond Edge** Carpenters' Special Saw is made for carpenters. The carpenter knows where a saw should be set, where it should be thick, where it should be narrow, where it should be narrow. He knows that the less set in a saw the less trouble required. He knows the narrow, thin back saw does not require a heavy set.

The **Diamond Edge** Carpenters' Special, sold by us, clearly demonstrates all these qualities.

"**Diamond Edge** is a Quality Pledge"

### THE BAIL STANDS ALONE

### NORLEIGH DIAMOND LANTERN

This feature you will appreciate when you try to hang them up. It is just these little things that make the **NORLEIGH DIAMOND LANTERN** so good. For instance the oil holes are big, no funnel necessary. Can be lit with one hand. When the globe is raised it is locked, when down locked, a lantern that never falls out. Don't go home in the dark. Buy a **NORLEIGH DIAMOND LANTERN**.

## FLIGHTS ARE MADE DAILY

By The Chas. Prowse Aeroplane From The Aviation Field.

### FLIGHTS FOR THREE DAYS.

Judge Prowse Outlines His Plans With His Successful Invention.

Judge C. O. Prowse's Aeroplane made a successful flight from the Faulkner field January 1, rising to a height of 65 feet and making a circuit of about 4 1/2 miles and alighting without mishap. Mr. Chas. Lockwood was the aviator in charge. Further successful flights with the new machine were made Tuesday and Wednesday. Judge Prowse announces that public exhibits will be made from the aviation field Friday, Saturday and Sunday.

The machine, which has been rebuilt since it was damaged in shipment, is practically new throughout except the engine. It has worked perfectly in the trial flights and Judge Prowse's friends are warmly congratulating him on the success of his enterprise.

In an interview, Judge Prowse said yesterday: "At last I have been successful in perfecting a 'flying machine' of the heavier-than-air type, taking months and months of patient work and thousands of dollars, and my hope is to make Hopkinsville the center of aviation throughout this section of the country. It is my purpose, provided I can get the support of Hopkinsville and Christian county, to immediately begin the construction of a passenger type machine, for the purpose of taking up students in Aviation and teaching them the secret of flying in perfect safety, establishing a school in aeromantics of which Hopkinsville or any other city could point to with pride. There is no reason why Hopkinsville should not have an aeroplane factory, and aeromantic school. Our city has every necessary element required and there are thousands of people who want to be taught the operation of the flying machine today, as they were the automobile a few years ago. There is a wonderful future in store for those who fly now."

The Exhibition being given this week is a "Benefit" and every dollar received will be invested in a Hopkinsville industry for the help and benefit of a Hopkinsville boy.

### Asylum Patients.

One From Warren, Other from Butler County.

George Skaggs, an asylum patient from Warren county, died Tuesday of tuberculosis, aged 54 years. He had been in the institution about four years. The body was shipped to Bowling Green.

J. H. Davis, a patient from Butler county sent here for treatment seven months ago, died of organic heart disease, aged 44 years. The remains were interred in the asylum burying ground.
